We'll do the recurrences quiz first. We'll set a date in class tomorrow.

That quiz has almost all of the questions (but not all of the answers, yet).

Where can we find the answers for the practice quizzes?

Subject: Re: Next test  
Posted by padietl on Wed, 10 Feb 2016 02:42:26 GMT

Nowhere

Subject: Re: Next test  
Posted by cmscott2 on Thu, 11 Feb 2016 16:12:37 GMT

The quiz next week will be on linear selection and linear sorting right?

Subject: Re: Next test  
Posted by lusht on Thu, 11 Feb 2016 22:53:24 GMT

That is correct. On Thursday.

Subject: Re: Next test  
Posted by cmscott2 on Wed, 17 Feb 2016 21:44:36 GMT

Also if we have the ebook version do we need to show you the receipt before or after class? And are we allowed to only bring one sheet, or can we have multiple sheets?

Subject: Re: Next test

Only the self balancing trees test is open book and only for the red-black tree and AVL tree algorithms.
Thursday's quiz will go over self-balancing trees:

http://beastie.cs.ua.edu/concepts/cs/al/sbtrees.html

Was in the hospital yesterday getting routine blood work done so missed class. Will there be an amortized analysis quiz tomorrow (Thursday) or will we not have another quiz until after the midterm next Thursday on 10 March?

Is the heaps quiz tomorrow, or next week sometime? The practice quiz page is only showing up as having 2 questions, not sure if that's on my end though.

When and what will be our next quiz?

Subject: Re: Next test  
Posted by lusth on Tue, 05 Apr 2016 20:39:18 GMT  
Probably Thursday next.

@ncerice

@ncerice

Nope, he hasn’t said when it will be yet.
